# Sustainable SEAFOOD CALENDAR

## EAT FISH, LIVE LONGER.

We serve amazing seafood to 'coast-less communities'. Our greatest desire is to share the best, freshest and most delicious seafood with deserving, landlocked diners. We build relationships with fishmongers all over the country and mindfully prepare their sustainable harvest. These relationships guarantee the seafood you enjoy is of unmatched quality, flavor and abundance.

## TALES OF AN OYSTER

Oysters are one of the most sustainable seafood sources on the planet. They take 18 months to mature and then an oysterman harvests, boxes and puts them on a plane to us. We clean 'em and give 'em pet names and masterfully shuck them to order thousands of times per day. When our fish and oysters leave the water, it is a race against the clock to have them delivered to Jax as fresh as possible each and every day. Our commitment to you is that this will never change.

## SEA TO TABLE CAPTAIN BOBBY SPRINGER

Jax Fish House partners with Sea to Table to work with independent lobstermen fishing the beautiful cold waters off the coast of Portland, Maine, one of New England's oldest working waterfronts. By choosing Jax's signature lobster roll you are supporting a traditional American fishing community.

Wild Maine lobsters are harvested in the Gulf of Maine by Captain Bobby Springer on the F/V Bridget Mary. The lobsters are caught using traps designed to limit harmful by-catch and the Maine lobster fishery is one of the most sustainable in the world.
